**Our R&D staff Wins 2022 American Heart Association's  
Paul Dudley White International Scholar Award**

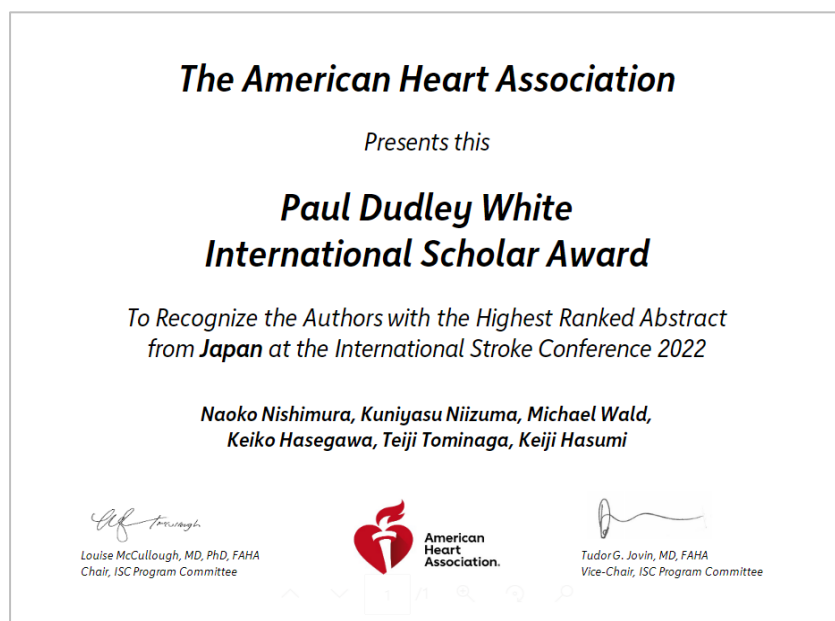

We are delighted to announce that our research received the 2022 Paul Dudley White International Scholar from the American Heart Association.

The award-winning abstract entitled "Results From A Phase 2a Study Of TMS-007, An SMTP Family Anti-inflammatory Prothrombolytic, In Patients With Acute Ischemic Stroke Up To 12 Hours After Onset" was presented at the International Stroke Conference 2022 held in New Orleans, LA., February 9–11.

The First Author : Naoko Nishimura

Coauthors : Kuniyasu Niizuma (Tohoku University), Michael Wald (Biogen Inc),  
Keiko Hasegawa (TMS Co., Ltd), Teiji Tominaga (Tohoku University), Keiji Hasumi (TMS Co., Ltd; Tokyo University of Agriculture and Technology)

This award recognizes authors with the highest ranked abstract submitted from each country.
